TESTIMONIAL
ANDREW SIMPSON,
ENSURE INHERITANCE

My wife and I have for many years been meaning to make a will each to ensure that our final wishes and bequests are passed on to the correct beneficiaries.

Having eventually decided to proceed, Andrew attended our home and explained in detail everything and allowed us time to discuss and then made notes ensuring at all times we were both happy with our decisions. He then emailed a draft to us both and again allowed us time to read through the wills before he returned with the final copies for us to sign, again reading through each one with us before we signed them. He then sent a signed copy of our individual wills back to us for filing, and he kept the original ones locked safely in a fire proof safe.

My wife and I would like to thank Andrew for a thoroughly professional job completed on our behalf and I have no hesitation in recommending Andrew Simpson of Ensure Inheritance to anyone.

A handwritten signature in black ink that reads "John Knowles". The signature is written in a cursive style with a long, sweeping underline that extends to the right.
