Dear Andrew,

I would like thank you for a job very well done. I contacted you to sort my families will out, without hesitation you arranged an appointment to come round and discuss this with us. You listened and advised at the appointment, just a short time later the wills were ready for review and to our delight you had captured all the pertinent points we required. We can now rest assured that our legacy will be looked after and everything will be easy for our children to sort out when the time comes.

Thanks again Andrew for an excellent service.

Best Regards

Andy Laundon,
Director,
For and on behalf of Retroflo Limited.
